Analysis & Study Recommendation

1. Strength: Excellent performance in Equity Valuation and Corporate Issuers. The modeling experience at Castleton is clearly helping.
2. Weakness: Fixed Income spot rate interest calculations and Derivatives options models are below passing targets. Andrea needs to focus study hours on these modules.
3. Recommendation: Dedicate Saturday study blocks (8 AM to 12 PM) to derivatives and bond valuation. Schedule fixed income review sessions with associate Jordan Price.
4. Next Mock Milestone: Target 72 percent on mock 2 scheduled for November 7.
